GRINNELL SOLUTIONS:

Triumph Foods recently partnered with Foley Construction to build a multimillion dollar food processing plant that required a Water, Wastewater and Vacuum solution with a quick product turnaround. Grinnell and KC Windustrial were selected for their commitment to deliver timely supplies and support throughout the project, without sacrificing product quality and reliability. From special vacuum gasket applications to standard fittings (2"-24"), Grinnell Mechanical Grooved Products executed a seamless plan of attack that provided the customer with the highest quality product, professional industry knowledge, and with the best 10 year product warranty in the business. Grinnell's solution helped Foley Construction secure and complete the Water, Wastewater and Vacuum needs of the project in a fast and efficient manner, while giving the best peace-of-mind available.

PROJECT BENEFITS:

- Backed by the industry's best product warranty —10 years!
- Fast product turnaround.
- Expertise in the field for Mechanical Grooved System installations.
- Competitive advantage at bid time with cost saving ideas.
